

The Axial Skeletal System

Important Note. You are responsible for what is on this outline.

When you view the image bank, if there are structures labeled not on this outline, you are not responsible for them.

1. The Skeleton

A. Axial Skeleton

B. Appendicular Skeleton

i. Girdles

a. Pectoral Girdle

b. Pelvic Girdle

2. Cranial Bones

A. Frontal Bone

i. Orbita

ii. Supraorbital Margin

a. Infraorbital Margin (not frontal bone)

Frontal Squama

ii. Eyebrow Ridge

iv. Frontal Sinuses

• Paranasal Sinus

v. Supraorbital Foramina

B. Parietal Bones

- i. Sagittal Suture
- ii. Coronal Suture
- iii. Squamosal Suture
- iv. Lambdoidal Suture
- v. Superior Temporal Line

D. Temporal Bones

- i. Temporal Squama
- ii. Zygomatic Process (and Zygomatic Arch)
- iii. External Auditory Meatus
- iv. Internal Auditory Meatus
- v. Petrous Portion
- vi. Mandibular Fossa and the Articular Tubercl
 - Temporomandibular Joint
- vii. Mastoid Process
- viii. Styloid Process

E. Occipital Bone

Anatomy & Physiology I Student Outline – The Axial Skeletal System

- i. Foramen Magnum
 - ii. Occipital Condyles
- F. Sphenoid Bone
- i. Body
 - ii. Sella Turcica
 - iii. Sphenoidal Sinuses
 - iv. Greater Wings
 - v. Lesser Wings
 - vi. Optic Foramen
 - vii. Superior Orbital Fissure
 - viii. Inferior Orbital Fissure
- G. Ethmoid Bone
- i. Ethmoidal Sinuses
 - ii. Perpendicular Plate
 - iii. Cribiform Plate (Pull out your handout on “*Olfactory Epithelia*”)
 - a. Olfactory Foramina
 - iv. Crista Galli
 - v. Superior Nasal Concha
 - vi. Middle Nasal Concha

2. Facial Bones

A. Nasal bones

B. Maxillae

- i. Maxillary Sinus
- ii. Alveolar Process
- iii. Alveoli
- iv. Palatine Process
- v. Inferior Orbital Fissure

C. Zygomatic Bone

- i. Temporal Process (forms Zygomatic Arch)
- ii. Infraorbital Margin

D. Mandible

- i. Body
- ii. Rami
- iii. Angle
- iv. Condylar Process
- v. Coronoid Process
- vi. Alveolar Process

Anatomy & Physiology I Student Outline – The Axial Skeletal System

vii. Alveoli

F. Lacrimal Bones

i. Lacrimal Foramin

G. Palatine Bones

i. Horizontal Plate

H. Inferior Nasal Concha

I. Vomer

i. Nasal Septum

J. Hyoid Bone

i. Body

ii. Greater Cornu

iii. Lesser Cornu

3. Vertebral Column

A. Vertebral Distribution

- i. Cervical Vertebrae (7)
- ii. Thoracic Vertebrae (12)
- iii. Lumbar Vertebrae (5)
- iv. Sacral Vertebrae (5)
- v. Coccygeal vertebrae (4)

B. Names of Major Curves

- i. Cervical Curve
- ii. Thoracic Curve
- iii. Lumbar Curve
- iv. Sacral Curve

C. Curvature Classifications

i. Convex

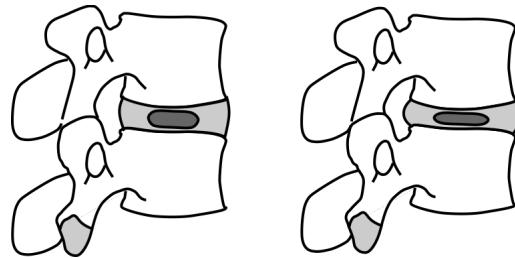

Cervical and Lumbar are Convex “Anteriorly”
or (Concave “Posteriorly”)

ii. Concave

Thoracic and Sacral are Concave “Anteriorly”
or (Convex “Posteriorly”)

D. Intervertebral Discs

i. Annulus Fibrosus

ii. Nucleus Pulposus

4. Typical Vertebrae

A. Body

B. Vertebral Arch

C. Vertebral Foramen

D. Vertebral Canal

E. Intervertebral Foramen

Anatomy & Physiology I Student Outline – The Axial Skeletal System

F. Processes

- i. Transverse Process
- ii. Spinous Process
- iii. Superior Articular Processes
- iv. Inferior Articular Processes

G. Facets

5. Cervical Vertebrae

A. General Characteristics

- i. Transverse Foramen
- ii. Bifid Spinous Process

B. Atlas (C1)

- i. Anterior and Posterior Arches
- ii. Lateral Masses
- iii. Superior Articular Facets
- iv. Inferior Articular Facets

C. Axis (C2)

- i. Dens

D. 3erd thru 6th vertebrae (C3-C6)

are like Typical Vertebrae

E. Vertebra prominens (C7)

Anatomy & Physiology I Student Outline – The Axial Skeletal System

6. Thoracic Vertebrae

A. Facets

B. Demifacets

7. Lumbar Vertebrae (L1-L5)

8. Sacral Vertebrae

A. Transverse Lines

B. Sacral Hiatus

C. Sacral Cornua

D. Superior Articular Process and Facet

9. Coccygeal Vertebrae

A. Coccygeal Cornua

10. Thorax

A. Sternum

i. Manubrium

ii. Body

iii. Xiphoid Process

iv. Clavicular Notch

Anatomy & Physiology I Student Outline – The Axial Skeletal System

B. Ribs

i. Types of Ribs:

- a. True Ribs
- b. False Ribs
 - Vertebrochondral Ribs
 - Floating Ribs

i. Typical Rib

- a. Head
- b. Neck
- c. Body
- d. Tuberclle
- e. Superior Facet
- f. Inferior Facet
- g. Interarticular Crest
